St. Jeromes Lose Chance At Title

The all star St. Jeromes' baseball nine suffered a bitter defeat Monday night, when they lost the second of a two out of three series to league leaders St. Mary's of Melrose, putting them out of the running for the Diocesan championship to be played at Braves Field.

The local club, managed by Rev. Hudgins and coached by Tony Tibberri, sent their ace pitcher, Jackie Hough to the mound, Monday night in an effort to win the third game of the playoff series.

St. Mary's of Melrose started their all time winner Bob Mulrenan. With a one run lead in the first, Hough allowed two men to get on base and with two outs Dick Manning, right fielder of the Melrose nine belted a line drive along the right field foul line that rolled fair

Man Dies Of Heart Attack; Car Crashes

Emo F. DeCarpis, 49 of 93 Crescent Avenue, Arlington, died Thursday noon, and his wife was injured when the car in which they were riding went out of control on Apple Street, after DeCarpis reportedly suffered a heart attack, while driving.

Mr. DeCarpis and his wife Marie, according to police reports, were driving on Appleton Street in an easterly direction when as they neared the intersection of Appleton and Claremont he suddenly suffered a weak spell losing control of his car.

ton Street, after DeCarpis reportedly suffered heart attack, while driving.

She managed to steer the car up over the sidewalk on to the North side of the street jamming it between a seven foot link fence and a huge tree.

Television Sets Stolen In Series Of Robberies Here

Two houses, a television store and a gas station were the targets of burglars who were active throughout the Arlington Medford district over the week-end.

Officer Harold O'Leary reported Sunday morning that he had found the front door of Avery's television store at 1201-3 Massachusetts Ave., forced open.

Officer James Lyons was sent to the store to help officer O'Leary in the investigation. Police reported that a group of men drove up to the store in a maroon colored Buick sedan and went into the store. Witnesses reported the first three digits of the license plate were (K-97).

As far as he determined fifteen television sets were stolen from the store, three of them console models and twelve of them table model sets. Value was tentatively placed in excess of \$3000 pending an inventory.

Criminals believed to be the same as those who operated in Arlington, broke in to the Medford TV Inc. on Mystic Avenue, Medford and took three table model sets valued at \$640.

They were chased by Medford police but were lost either on side streets or in traffic.

About an hour after the break at Avery's officer Arthur Guarente reported the gas station at 85 River Street had been entered.

Police reported nothing was taken. Charles J. Grady notified police Thursday night that his house had been broken into sometime during

K of C To Play Elks Tuesday

Next Tuesday evening, August 15, 1950, at Reservoir Field in Arlington, a night softball game under floodlights will be held to provide an Injury Fund for the Arlington Town Softball League. The Knights of Columbus team, which has led the Town Softball League since early in May, will play an exhibition game against the local Lodge of Elks who are, second in the league standings.

All the proceeds of this game will be used to establish an Injury Fund for players hurt during league activity each year. Since most of the players in the league are married with family responsibilities, it was the thought of the league that if anyone is hurt during the course of the game some protection should be provided by the league as far as payment of hospital or doctor's bill are concerned. A table model radio will be given away during the course of the game which will begin at 8:45 P. M.

Offers State Bonus Bill

A State Bonus Bill calling for the payment of \$300.00 to the veterans of the Korean War has been introduced in the Mass. General Court by Senator Daniel F. O'Brien, (Dem.) Cambridge-Belmont. The bill provides for the payment of the bonus to all servicemen and women engaged in the Korean struggle from June 27th to the cessation of hostilities.

The main provisions of the act are the same as those embodied in the World War 11 Bonus bill. They require six months residence in the Commonwealth prior enlistment or induction. In event of the veteran's death the \$300.00 is payable to his dependents. The bill was referred to the Rules Committee for admission. As it was filed late in the session a two thirds vote will be necessary for action at this time.

Department Commander Wallace Wetmore of the Veterans of Foreign Wars and Coleman C. Curran, Adjutant of the American Legion have both announced support of the O'Brien Bill.

98 New Voters Register Here

James J. Golden, Town Clerk announced this week that so far 98 persons have been registered in the drive to increase the percentage of Arlington voters who will vote in the primary and fall election.

Mr. Golden stressed the fact that it is the inalienable right of everyone to vote and they should take the opportunity given them to register now in order to be able to practice this right.

Induction Call Due About September 1

The Arlington Draft Board announced this week that twenty men sent for physical examinations the first of the month have been classified as 1A, pending deferments because of occupation or family status changes.

These twenty men have been notified by the board that they have passed their physicals and are now subject to call.

The board also said that they have not as yet actually received an induction order but the first one is expected on or about September first. This call is expected to take thirteen men and another induction notice should follow about the middle of September.

Sixty nine more men are to report for physical examination on August 18th and those that pass will supply the men needed for the second call.

Tigers Set New Record

The AYA senior league completed its 1950 season Monday night with the red hot Tigers swamping the Yankees 10 to 5, to not only sew up first place in the second half but break a long standing record by winning seven games and losing none.

The Dodgers scored a weak second with four wins, two losses and one tie defeating the Pirates 8-5.

The Red Sox, winners of the first half, came in third with four wins and three losses under the superb pitching of Martens who blanked the Cardinals in a 1-0 no hitter.

League standings are as follows:

TEAM	W	L	T	P
Tigers	7	0	0	14
Dodgers	4	2	1	9
Red Sox	4	3	0	8
Yankees	4	3	0	8
Cardinals	2	3	2	6
Pirates	3	4	0	6
Braves	1	5	1	3
Browns	1	6	0	2

Register Now!

One more week in which to exercise your privilege to become a registered voter! The League of Women Voters of Arlington wishes to remind you that registration closes on August 18. Are all your neighbors registered voters? Do your bit by reminding them, too, to visit the office of the Town Clerk before it is too late.

Attorney Kelley is a graduate of Boston College High School and received his A. B. degree from Holy Cross College and his LL.B. degree from Boston University Law School. While at Boston College High School and Holy Cross College he was a member of the varsity football, receiving letters at both schools.

During World War II he served in the amphibious division of the United States Navy in the Pacific area.

He is at present engaged in the practice of Law with an office at State Street, Boston.

"I pledge myself to the task of giving to the population honest representation and diligent service by constant attendance at the sessions of the State Legislature, by serious study of the problems which now beset the state and city government, and by careful scrutiny of laws which affect directly and indirectly the people of this district."

"I pledge my whole activity to obtain for the voters of this district: (1) reduction of the present automobile insurance rates, (2) better MTA service, (3) reduction of state spending for all non essential projects.

"I further pledge myself to the task of awakening in the people themselves their personal responsibility for the cancerous growth of political debauchery and incompetence in the city, state and federal governments today.

"I urge the people of this district to support me in order that the gross carelessness and incompetence which has placed a heavy burden of taxes upon the people may be stamped out and a period of economy under young and able leadership may now begin.

Nancy M. Perham, daughter of Mr. and Mrs. Charles N. Perham, is majoring in occupational therapy. She is doing Red Cross volunteer work at the Children's Hospital. Miss Perham is also studying piano at the New England Conservatory.

Dental I.D. Bill Approved By House

Under suspension of the rules, the House of Representatives today passed to be engrossed and sent to the Senate a bill, sponsored by Rep. Henry E. Keenan (D-Arlington) and Allen F. Jones (R-Barnstable), which provides for the establishment of a bureau in the department of public safety to maintain a record of dental work to aid in identifying persons killed in explosion, fires or other accidents.

Following the action of the House, Keenan expressed confidence the Senate would approve the measure as an "adjunct to the recently established civil defence program in the unfortunate event that Massachusetts communities might be subjected to enemy air attack."

"Establishment of these records within the department of public safety will be of invaluable assistance to civil defense workers in identifying persons killed by enemy action and who could not be identified by any other means," Keenan said.

The bill provides that a bureau shall be set up in the department of public safety for receiving and arranging charts and records of dental work done by dentists who would file on standard cards provided by the department and on the request of the Commissioner "with a view to using them as a means of identifying persons whose lives have been lost in conflagrations, explosions, drownings and other accidents."

County Gets Polio Check

A check for \$1,500.00 to help pay for medical care of local polio patients has been received by the Middlesex County Chapter of the National Foundation for Infantile Paralysis, it was announced yesterday by Mr. John D. Kelley, Chapter Chairman. This amount is in addition to \$61,525.00 received recently and is to pay for the local clinics this year in Arlington, Medford and Lowell for physical therapists for Children's Hospital patients, who live in these sections. This payment is an addition to at least \$17,000 a year paid for polio patients in the clinics at the Children's Hospital.

A heavy case-load from the 1949 epidemic, worst in the nation's history, in addition to the cost of this year's polio incidence has exhausted the Chapter's 1950 March of Dimes funds, the chairman declared.

Up to July 22, the National Foundation has advanced \$4,084,610.00 this year to all the chapters on the country, whose funds have been depleted by both new and carry-over cases. Mr. Kelley stated, \$135,000 has been advanced in Massachusetts alone as three counties, Middlesex County included, completely ran out of funds. This is in spite of the fact that Middlesex County raised 50 per cent more in 1950 than in the previous campaign due to the splendid response from the people in the county after a year with almost 600 new cases locally.

OUTSIDE INSIDE INFORMATION
By Maria Catherine

Those traditional summertime outings—picnics in the park—are likely to be arranged more easily and more successfully if a special picnic planning corner in the kitchen or other household location is arranged for the season. When dishes and other necessary utensils are set aside in one place, the family can pick up and go with far greater alacrity whenever the picnic urge comes on.

Keeping a list of items essential to such outdoor parties posted on a nearby wall or in a cupboard is handy for last-minute checking to make sure nothing desired is left behind. Also in this especially set-aside area, it's a good idea to have practical carrying containers ready at hand. Joan Tebbe, busy radio actress of Mutual's Sunday "Martin Kane, Private Eye" dramas, has an eye herself in this respect for such baskets as this Leisig and Lippe picnic carry-all.

Because carried foodstuffs are often prepared some hours before they are to be eaten, Joan offers some tips to picnic meal preparers, starting out with the suggestion that only those fillings which can stand the wait be used. Meat or egg mixtures should be kept safely cold until they are served. Thinking of this, you might take along plain bread and butter sandwiches and let the guests go on from there at the picnic table. Lettuce is likely to become limp and sliced tomatoes in sandwiches may soak and soften the bread as they stand in the picnic basket. However, such fresh vegetables can come to the picnic crisp and cool if placed in any of the many insulated containers of different sizes now on the market. The container should be chilled with ice or very cold water before the food goes in and should remain sealed until time for the food to be eaten. If no container is available, vegetables and fruits may be kept chilled by placing them in covered jars, plastic bags or wrappings of waxed paper or aluminum foil. Surround with ice in a pail and use heavy newspaper wrapping around the pail for insulation. Also, bottles of fresh milk, ginger ale or fruit juice may be kept cool in the same manner.

A Situation Worth Waiting For.

Garden Club Gives Flowers

As in the past several years, the Arlington Garden Club continues to send a hamper of flowers to the Benevolent Fruit and flower Mission of Boston on each week through the summer until October first.

Club members and friends contribute flowers from their gardens. These are packed in a hamper at Arlington Center Depot at 8 o'clock every Tuesday morning and through the courtesy of the Railroad men, the hamper is shipped free of charge to the Distribution Center at Horticultural Hall in Boston where more volunteer workers arrange and distribute the flowers to shut-ins, children's institutions, homes for the aged and invalids, bringing cheer to many dreary sections of Boston where a few flowers are so much appreciated.

Arlington residents wishing to share their garden flowers whenever possible, with their less fortunate city neighbors, may contact the project chairman, Mrs. Edmund S. Greiner, 256 Washington Street, Arl. 5 4647 J, before 6 o'clock Monday, and the flowers will be collected and conditioned for packing in the hamper the following day.

KELLY-OBEAR

Miss Margaret Obear, daughter of Mr. and Mrs. Paul H. Obear of 189 Newport Street, Arlington was married recently to Mr. James J. Kelly Jr., son of Mr. and Mrs. James J. Kelly of 44 Pine Ridge Road, Arlington.

Reverend William Linehan officiated at the ceremony which took place in St. Agnes Church with a reception following at the Shaker Glen house in Woburn.

The bride was given in marriage by her father. She wore a gown of ice blue satin trimmed with nylon and topped by a rosebud tiera also of ice blue satin. She carried a prayer book adorned with white orchids and cascading delphiniums.

The maid of honor was Frances Shea and the bridesmaids were Marion G. Dale, and Marjorie A. Kelley. They wore gowns of pale yellow chantilly and marquisette lace topped with hats of the same material. All carried blue fans with cascading blue delphiniums and orange roses.

Paul Kelly, brother of the groom was best man and he ushers were Robert Kelley and Paul Obear.

The bride and groom honeymooned in Quebec Canada and will take up their residence in Arlington where the groom is attached to the fire department.

LAWRENCE FILES FOR SHERIFF OF STATE'S LARGEST COUNTY

HON. WALTER E. LAWRENCE, three terms Mayor of Medford, former member of General Court, the man who won commendation from the Chairman of the United States Senate Committee to Investigate Crime for his success in stamping out organized crime in Medford, files for nomination as Republican candidate for Sheriff of Middlesex County. In photograph, left to right are: Lawrence Tucker, former Deputy Sheriff and Campaign manager for Mayor Lawrence; who stands at Tucker's left, Daniel J. Mulcahey, Assistant to Secretary of State.

Civil Air Patrol Active In Medford

The invitation for all Winchester young people who are fifteen or over to come and join the Medford Flight of the Civil Air Patrol is still extended. If you care to visit a flight meeting to see what it is all about, you are welcome, and any one of the Winchester members will be glad to show you around. Just call WI 6 2568 M if you are interested in aviation and want to learn more about it.

Cadet 1st Sgt. Henry A. Dellicker, of 15 Grove street is to be congratulated on his new appointment as Second Lieutenant in the position of Flight Leader, Medford Flight. "Deckie" was graduated from Winchester High School in the Class of 1950.

Two new Civil Air Patrol Flights have been activated in Massachusetts, one in Ware, and the other in Indian Orchard, Massachusetts has approximately seventy five flights covering the entire state.

The opening date of this year's two-week encampment at Westover Air Base is August 14th, Sgt. Henry Dellicker, Jr and Sgt. M. Jacobson.

Model Craft On Exhibition At Boat Club

The members of the Winchester Boat Club were delighted last week end when they saw the beautiful model built by Mr. George T. Jones on exhibit in the lounge. Mr. Jones is a long-time and faithful member of the club as well as an expert sailor. Our members have always gone to him for lessons and advice on sailing. This model is the first he has ever built, and it is really handsome. He plans to enter his boat in the races sponsored by the Model Sailing Club of Boston which take place in the lagoon bordering on the Esplanade. Mr. Jones' boat is one of the largest class that is allowed to enter.

Mr. Jones got the idea for his boat when he was strolling down the Esplanade one day and happened to notice the small models sailing in the lagoon. He started on his project last fall after he had and he just finished it this past taken his snipes out of the water, moah. He discovered soon that it was quite an undertaking, but he enjoyed every minute of it. The work is very precise and painstaking, and Mr. Jones said he has built snipes in less time than this little model took.

The model measures one inch less than seven feet long, and fourteen inches wide. It weighs fifty-five pounds, forty of which are taken up by the lead keel. Built entirely of Peruvian mahogany, the little boat has planking 1/8th of an inch thick, and it is held together by waterproof glue and toothpicks. There are 300 of these toothpick pins in the deck alone.

Mr. Jones is retired, and he works with boats as a hobby. This little model is certainly a beauty, and he deserves the best of luck in sailing her.

SHIPWRECK PARTY
All hands on deck for the second annual shipwreck party which will be held this Friday night from eight to one. The party is limited and promises to play some mighty sweet music. The members and their guests are to appear in the to one hundred people, so you had better get your reservations early. Mr. Carl Freyer, who is the chairman, has announced that the orchestra will consist of three pieces, costumes that they would have on when the ship went down. In order to go you must be eighteen years old or over.

There will be two costume prizes for the male pirates, and two for the females. So, you had better start planning those costumes, for there will be plenty of competition. The Treasure Hunt will be for two jewelry cases, each of which will contain ten quarters. They will be hidden on the premises, but no one knows! The price is \$1.00 per person.

island in Mahone Bay, which is near Chester, Canada. Professor Whitlock was a Lt. Colonel in the last war, and was the director of the ground school at March field in California. Also he was the Deputy Group Commander of a heavy bombardment group in New Guinea.

DUET AND ENCORE

They might not bring down the house at Carnegie Hall. But they'll win an encore at Vacation Bible School. Theirs is the kind of singing in which spirit and enthusiasm count. When you're singing "Jesus Loves Me" a few flat notes don't matter.

Even after these happy weeks at Vacation Bible School they won't be ready for a Metropolitan audition. But their young lives will be richer in the qualities that make for happiness and moral health.

Our boys and girls deserve the opportunities which our churches offer them. They need the goodtimes and helpful training that have made Vacation Bible School an American tradition.

Encourage your youngsters to attend!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CAR --- DIRTY AND GRIMEY

WHAT IS A MINUTE MAN?

MINUTE-MAN is a mechanical washer that automatically washes and dries a car. MINUTE-MAN is as far in advance of so-called rapid car washing stations as today's streamlined cars surpass those of the Model "T" era.

HOW DOES IT WASH THE CAR?

MINUTE-MAN concentrates a series of continuously rotating, water sprayed brushes against the front, the top, the sides, wheels and rear of the car. The brushes are made of special soft texture material that will not mar the finish of the finest car.

HOW DOES IT DRY THE CAR?

MINUTE-MAN through a series of specially designed air ducts, delivers drying flow of clean air over the entire exterior of the car. Then, the entire car is wiped down with Turkish towels.

HOW LONG DOES IT TAKE?

MINUTE-MAN, true to its name, washes and dries a car completely, thoroughly and uniformly in a jiffy.

Walsh Withdraws
In Favor Of Ayer

Atty. John J. Walsh, Jr., of Belmont today, withdrew from the Republican race for attorney general and at the same time announced his support of Atty. Frederick Ayer, Jr., of Wenham for the GOP nomination.

Walsh, former first assistant U. S. attorney and former assistant attorney general of Massachusetts, in a prepared statement announced that he was withdrawing from the GOP race because he sincerely believed that Ayer "is the only Republican candidate in the field who could defeat the present incumbent, Atty. Gen. Francis L. Kelly."

"I have carefully considered and appraised Mr. Ayer's value to the citizens of this great Commonwealth. He has been a lifelong Republican, unlike some of his opponents who have been part time Democrats. Ayer has a flawless and distinguished record in government service. He has the strength, youth and vigor to carry the fight to the enemy. Above all, he is completely devoted to a career of public service," Walsh said.

"As an Irish-Catholic and American I know that Ayer is one of the few men in the nation who has the experience and skill to cope with the threat of Communist invasion within our State. His complete religious and racial tolerance, freedom from bigotry and devotion to God and country transcends the precepts of any political ideology," Walsh said.

Walsh pointed out that he was stepping aside for a younger, stronger man so that the Republican party could provide the kind of leadership so sorely needed during these turbulent times.

"Fred Ayer, Jr. has the training and experience to provide the kind of leadership Republicans in this State need today. He has served his government in both war and peace with unimpeachable honesty, integrity and sincerity," Walsh said.

Campaign For
Nomination As
Commissioner

As the "new face" and the "new arrival" as well in Middlesex County politics, Harry Gath, Jr., candidate for County Commissioner speaking at house rallies in his home city of New on this week emphasized the all-importance of the commission's office in serving the communities who support the office and its activities in East Cambridge.

Mr. Gath, a former member of the YD Division, said "In my twenty-five years as a business man and taxpayer in the city of Newton I have only met up with one County Commissioner, namely, ex-mayor Edwin O. Childs and then only because he lived in my neighborhood. His friendliness was well known throughout Middlesex County. In my opinion such friendly personal contact with the city and town administrations should be emphasized. In other words, as

is my intention to visit with and maintain a personal contact with ALL city and town administrations to discover their needs and receive their counsel and advice in the administration of county affairs. That is the way to keep in touch with the times. The countries must modernize themselves and maintain a progressive spirit in keeping with the state and federal grants that should be available to ALL business, property owners and taxpayers in Middlesex County. It is important that the Commissioner familiarize himself with these needs and he can only do that by constant personal contact with the needs and the job at hand. Further, with aging maturity, which means developing fixed opinions and ideas such a progressive program for development of the county cannot be expected.

More Cars On
Road Adds To
Traffic Hazard

The Massachusetts Registry of Motor Vehicles today issued a statistical report showing that 1,203,031 motor vehicle registration certificates were issued during the six month period ending June 30, 1950. This is a substantial increase over the same period a year ago when certificates totaled 1,110,950.

A heavy increase is noted in the total of licensed operators, there being 1,687,496 on June 30, 1950 while the six month total for 1949 was 1,570,559.

The constant increases in number of motor vehicles, trailers and licensed operators in Massachusetts continue to add to the already heavy traffic loads which highways in the Commonwealth must accommodate. These conditions place greater responsibilities upon motorists and pedestrians to do everything possible to prevent accidents which kill and maim and cause serious economic losses.

"If everyone will accept his share of responsibility, traffic tolls can be reduced despite present day circumstances which indicate increased hazards for highway users," reasoned Registrar King.

Wished Bon Voyage

WINCHESTER COUPLE ON PILGRIMAGE TO ROME — Mr. and Mrs. John A. Volpe of Winchester receive bon voyage greetings from Most Rev. Thomas R. Markham, pastor of St. Peter's Church, Lowell, newly appointed auxiliary bishop of the Boston Archdiocese. They sailed from Boston last Friday aboard the luxury liner ITALIA.

Blood A Vital
War Commodity

Blood needs are great. In Massachusetts, 200,000 pints of whole blood are needed annually for normal usage. With the present world situation, unknown pints of blood and blood derivatives may be called for by the Armed Forces.

On request of Secretary of Defense Johnson, the Red Cross will be the official agency for the procurement of blood and blood derivatives for the Armed Forces.

The Red Cross in World War II collected 13,326,242 pints of blood. 800,640 pints were collected at the Boston Blood Center from December 22, 1941, to August 14, 1945. This was the third highest total in the Nation.

To develop the new military program, Gen. George C. Marshall, Red Cross president, has designated Vice Adm. Ross T. McEntire, M. C., USN, of the Red Cross National Blood Program, to work with Dr. Richard L. Meiling, director of Medical Services of the Department of Defense.

Blood research is making strides in Boston at Harvard Medical School. To make possible the preservation of most, if not all, of blood's essential elements and the isolation of many new components, revolutionary new apparatus and techniques have been unveiled.

Blood is composed of many parts, each performing a vital function. The new apparatus was devised to separate the vital elements: plasma, red and white cells, and platelets, without destruction.

In this way the nation may have a stockpile of these life-essential elements for use in normal times and in emergencies.

Whole blood is usable for 21 days. The plasma fractions, made from outdated blood, have widespread use: immune serum globulin for combating measles; serum albumin used for the treatment of shock and certain kidney diseases; fibrinogen and thrombin used for burns and the control of hemorrhage; anti-hemophilic globulin to help stop excessive bleeding.

To have the blood available for the sick and injured, it must be contributed by the healthy. There is no other source. It takes less than an hour to go through the donation process. There is no pain, no fuss, no bother.

The blood center in Boston at 314 Dartmouth Street is open for donations: Monday, Wednesday, Thursday—11 a. m. to 5 p. m.; Tuesday and Friday—2 p. m. to 8 p. m. Bloodmobiles are scheduled throughout the State 300 days a year, and more mobile dates and longer center hours will be in effect as the needs arise.

Seeks House
Nomination

Charles J. Ardito of 118 Hollan Street, Somerville has announced his candidacy for the office of Representative from the 25th Middlesex district which comprises precincts one, three and five in Arlington and parts of Somerville.

Mr. Ardito who is running on the Democratic ticket is a graduate of Somerville schools and is now attending Northeastern University.

He is a life long resident of Somerville and a veteran of World War II. He is now employed as an assistant manager with the Sars Roebuck Company.

O'Brien Out Of
Senate Fight

After qualifying as a candidate for the Democratic Senate nomination, John H. O'Brien of this town withdrew his name from the ballot within the last few hours reserved for this privilege.

Mr. O'Brien collected signatures, had them certified with the registrars of voters, and filed them with the secretary of the Commonwealth as required by law.

This surprise move on the candidate's part indicates that there will be but two candidates from Arlington in the Senate race—Vincent A. Burns and Joseph A. Purcell.

Many observers are wondering to what camp the O'Brien supporters will move. A number of informed Democratic leaders believe that Joseph Purcell will benefit most by this development.

Lawrence Says
Sheriff Post A
Full Time Job

HON. WALTER E. LAWRENCE

Waging an active "doorbell" campaign, Hon. Walter E. Lawrence, three terms Mayor of Medford and former member of the General Court of Massachusetts, is basing his claims to the office of Sheriff of Middlesex County on many items but basically on the fact that he regards the job of Sheriff as an "all time, 24 hour a day job."

Lawrence in his hamlet to hamlet, door to door, campaigning and in all of his speeches stresses the fact

that the job of being Sheriff of the largest county in Massachusetts is not an avocation, something with which to play in leisure time but is a real job, a vocation, to be pursued all of the time.

He takes the position that one cannot be a successful Sheriff and at the same time devote time to practice a profession or to the conducting of a bakery. Lawrence says that when elected Sheriff he will name only the most competent and most experienced men as his aides and deputies and that he will give a careful accounting at all times to the people of Middlesex County. He directs attention to the fact that the office of Sheriff is one that demands the regulation of a huge budget running into several hundreds of thousands of dollars—that in order to successfully handle this, one must understand the business end, the art of criminology and be appreciative of the fact the Sheriff must be on call every month.

Under former Mayor Lawrence, during his terms as Mayor of Medford, organized crime was so completely stamped out in that thriving city that the Mayor won commendations from National experts and was called into consultation with them that they might determine how to proceed in other communities. Mayor Lawrence also regards the job as one of humanitarian aspects and advocates the reformation and development of law violators and whenever possible.

NEW ENGLAND ELECTRICITY IS
Awake AT THE SWITCH!

National emergency arises. Expanding industrial production emphasizes anew the importance of electricity. How do we stand on electricity in New England? Let's look at the record and —

COMPARE!

NATIONALLY, the reserve, or spare, margin* is 15.6%. In the Southeastern Atlantic region (including the federally-developed TVA) it is only 8.2%. In the Pacific Northwest (including the federally-developed Bonneville and Grand Coulee) it is a mere 5.9%. But IN NEW ENGLAND our reserve margin is a whopping 23.5% — which means —

50% MORE RESERVE MARGIN THAN THE NATIONAL AVERAGE

There's a reason for this, of course. Since V-J Day the privately operated electric utilities of New England have spent over \$500,000,000.00 for new facilities for the production and distribution of electricity.

Thanks to the planning and foresight of New England's business-managed electric companies there is plenty of electricity in this area. You may use and enjoy all you want. The industry's slogan now, as in World War II, is "Never too little, Never too late."

* Reserve margin of electric power is the amount of electricity-making facilities we have over and above what we now need and use.

I Wonder

I WONDER if the new cement bus stop in Arlington center is supposed to be an improvement on the existing situation??? It seems to me that people will be getting off and on buses on the traffic side of the safety island....

I WONDER if politicians and party lines will enter into the appointment of the new civilian defense director for the Town??? I hope not.... the job requires a good competent man with a knowledge of the job he is to undertake.... As it is enough politicians have their hands in where they don't belong.... especially where lives of soldiers and civilians are concerned....

I WONDER how many people have noticed that it pays to place your ads and news in the Arlington PRESS a paper which is bettering itself with each publication and can boast of hosts of satisfied customers....

I WONDER how the Damp-Proofed cellars of the new housing unit stood up in our million dollar rainfall last week??? It is reported that one of the basements became flooded when a resident watered his lawn recently??? Any comments???

I WONDER how many of the aspirants to the Senate and House of Representatives will appear on the primary ballot??? The stronger candidates are working on the weaker ones now....

I WONDER how many taxpayers have noticed the difference in manpower on the fire engines in this Town and those of our neighbors??

We are lucky to have two men to drive our hook and ladder to fires while Somerville has nine men on a similar ladder at Teale Square. It might raise the tax rate to add men to the department, but it would certainly decrease the fire insurance rate.

I WONDER who the "Joker" was that called the Fire and Police stations at 4:00 a. m. Sunday morning, advising them of a fire in East Arlington?? It was a false alarm.... Remember most of our accidents in these departments occur on false runs.... This type of individual is dangerous to a community.... get rid of him....

I WONDER if some members of our National Legislature couldn't take an example from Dr. T. Siang representative to the UN from Nationalist China.... He told Mr. Malik, Russian representative to the UN just where he could get off. What could we lose???

I WONDER if the hundreds of people who are talking about the foreign situation on the corners and over the fences of the Town wouldn't be better off to advise their Congressman of their opinion, in relation to the situation.... It is election year for many of them and they would be inclined to listen. Your neighbor can't do anything but sympathize with you, so tell him to write a letter too....

I WONDER why the sidewalks have not been constructed along the newly built Summer Street as approved at the last Town meeting?? The Town appropriated some \$11,000 for the job and the State has matched the sum, still nothing is seemingly being done!!

I WONDER if the appropriation of \$219,000 given at the last Town meeting for Street construction is being spent wisely??? The City of Boston apparently thinks they made an error in the spending of a similar appropriation!!!

I WONDER how many people have heard of the dark horse who is planning to run for assessor at the next Town election???

I WONDER how many people saw the fire apparatus some four or five pieces strong dashing to a fire Thursday afternoon??? It turned out to be only half of a fire! Smoking wires in one of those little cars!!!

I WONDER how many of the scores of people who walk in and out of the PRESS office noticed our new floor???

Fire Dept's Notes by "SPARK"

Five brush fires and two simultaneous box alarms were the chief cause of fire engines dashing about the Town over the week-end.

The brush fires according to fire officials are probably being set by children playing with matches. Two alarms were sounded Saturday for brush which was burning extremely close to the Robbins barn on Eastern Avenue. Chief Tierney warned that children playing with matches and lighting brush fires can cause serious damage to property. Parents should take heed and advise their children against the use of matches.

Box 71 at the corner of Summer and Grove Streets was classed as a needless alarm and was probably sounded by a motorist who saw the flames on the hill.

The shed was owned by Susie Farmer and contained cans of paint and varnish. There was no estimate of damage given.

Skeets Vincent and James Kelly have both returned from their respective wedding trips and are back on the job.
